

Equipment List – Go for Life Games

Please note that Age & Opportunity Active does not promote one supplier over the other, nor can we advise you on prices or delivery costs for specific equipment. Please contact suppliers directly with queries. The purpose of this list is to provide an overview of equipment and potential suppliers. We cannot guarantee equipment listed is exactly as what will be used at the Go for Life Games due to the varying nature of both equipment and suppliers.

Equipment required:

- Beanbags
- Cornhole Board (a bucket or similar could be used instead)

Equipment suppliers

1. Larger bean bags are preferred, such as the rectangular bags as they allow for better grip. Bean bags can be purchased through:

*The above supplier manufactures the boards to order (4ft x 2ft). These are the boards used at the Go for Life Games. The front of the platform stands approximately 3” tall and the back of the platform sits 12” off the ground. The hole is approximately 6” in diameter. Turn around time on these boards is at least 3 weeks. The cost is €350 per kit.

Smaller Cornhole boards are also available to purchase online via Decathlon, Smyths Toys and Amazon UK. A mini, small or medium size is ideal for PALs and small groups as they are portable and light. Smaller bean bags, approximately 4” x 4” work well with this size.
