

## South Dublin County Council (SDCC)

### Community Climate Action Programme Privacy Statement

The Community Climate Action Programme is funded from the Climate Action Fund and operates under two strands. Under strand 1 funding is being provided to each local authority to partner with community groups to engage in climate action in a structured and considered way in order to help each local authority achieve their own climate goals. The Local Authorities will be processing the applications and making recommendations to the Department on projects they want to partner on. They will also be processing payments to their partners where the Local Authority doesn't procure the materials required for the project on behalf of the partner and reporting to the Department on the projects. This Privacy Statement applies to all personal data that is provided via communications and applications that are submitted to the Programme via South Dublin County Council ("we" or the "Council"), and serves to provide information on the purpose, type and scope of processing conducted by the Council in this regard, as well as to provide you, the relevant data subjects with all the information you need to assess and safeguard your rights. Generally, the information provided via applications will pertain to community groups and associations. However, in cases where Personal Data is provided, this following Privacy Statement applies.

## 2. Processing your Personal Data

If you contact South Dublin County Council in this regard and / or submit an application, we will process any personal data submitted in order to engage with you as a potential applicant and to assess any application you or your organisation submits and to provide you with updates and outcomes as regards your application. Generally, the data submitted will pertain to organisations applying for the fund and will not contain Personal Data. However, personal email addresses of individual members of organisations may be submitted as contact points for an organisation. Personal Data in this respect refers to contact names, contact number, contact address, e-mail address, phone number, position held in organisation, signature and financial information in so far as this may be personal. If your application is successful, we will only use any personal data submitted where necessary to further engage with you and/or your organisation and to contract the project, to provide the financing to carry it out, and to conduct follow up audits. We only process the personal data submitted to us in order to carry out our function as a Local Authority in managing and controlling the Community Climate Action Programme, as delegated by the Minister in accordance with the National Oil Reserves Agency Act 2007 (as amended). We will not use any personal data submitted to us for any other purpose and the personal data is only processed to the extent that is necessary.

The general purpose of the processing by the Council in this respect is for the management of an open competitive call for applications to partner with the Council under strand 1 of the CCAP including appraisal, contracting, monitoring progress and implementation of the projects, reporting and processing payments. Some of the projects may also be subject to audit and site verification.

We may process your Personal Data via service providers/tools to help us in processing your application and to communicate with you. These Service providers are known as “Data Processors”. Categories of service providers include IT software, hosting providers and application submission services. The Council enters into a Data Processing Agreement with all service providers to contractually ensure that any personal Data processed on our behalf by such Data Processors is processed in strict accordance with the Data Protection Acts, the EU General Data Protection Regulation, and only in accordance with our strict instruction. Information about duration of storage of any personal data submitted can be found in Section 4 below.

### 3. Data Transfers to Third Countries

The Council takes every effort to ensure that your personal data is processed in the EU or in the European Economic Area. In cases where this is not possible and data needs to be transferred to a country outside of the EU, we will ensure, after prior review, that an adequate level of data protection that meets the requirements of the Court of Justice of the European Union and the EU Commission is adhered to in the country the data is transferred to and that a suitable transfer mechanism in accordance with Article 44 of the EU GDPR is in place.

### 4. Data Retention and Deletion

Generally, we only store your Personal Data for as long as necessary for the respective purpose or where we are contractually or legally obligated to store the data for a longer period. All Personal Data pertaining to the Community Climate Action Programme is stored electronically on a secure network and hardcopy data is held within the Climate Change Section within the Department of Environment, Water and Climate Change in County Hall, Tallaght. They are accessible by authorised staff only and are retained in accordance with the Council’s Data Retention Policy. Applications will be open for a period of 12 weeks. Applications will be appraised by the Council for 8 weeks and their recommendations will be assessed by the Department for another 8-12 weeks before results are announced and applicants are informed of the outcome. It is anticipated that the programme will open on 6/12/2023 and processing will continue for 29 months thereafter to allow the projects to complete and for local authorities to make their final drawdown request and submit the final report to the Department. The data will continue to be stored for as long as is legally required, which is for 7 years after the final claim date of the project and may be up to 10 years after that date, for projects that receive De Minimis State Aid.

### 5. Your Rights

As the data subject you have the following rights in relation to Personal Data processed by us for this purpose:

- Right of access (Art. 15 GDPR)
- Right to rectification (Art. 16 GDPR)
- Right to erasure ("right to be forgotten") (Art. 17 GDPR)
- Right to restriction of processing (Art. 18 GDPR)
